

## New Aspects of Quantity Surveying Practice

By Duncan Cartlidge

Taylor Francis Ltd, United Kingdom, 2011. Paperback. Book Condition: New. 3rd Revised edition. 231 x 155 mm. Language: English . Brand New Book. In the 1990s, many pundits said that Quantity Surveyors were going the way of the dodo, a prophecy which has proven to be far from accurate. In response, Duncan Cartlidge wrote the first edition of this book, to address the changing role of the QS in the twenty-first century. As we enter the second decade of the twenty-first century, the pressure on the QS profession continue to change and evolve and so this third edition includes new chapters to help students and professionals deal with the new issues they face. Key areas for new coverage include: \* the RICS New Rules of Measurement (NRM) \* the increasing importance of sustainability in the built environment \* new pressures for ethical standards in the QS profession. Alongside these new issues, the chapters addressing issues such as procurement, IT, global markets and adding value have been updated to reflect changes in practice since the second edition. With an emphasis on current practice, you will find this book an indispensable guide as you embark on your career in quantity surveying.

### Reviews

*Absolutely one of the best book I have ever study. It is actually writter in simple terms rather than confusing. I realized this pdf from my dad and i suggested this pdf to understand.*

-- **Garry Quigley**

*Extremely helpful for all class of folks. I really could comprehended almost everything using this written e publication. You will not feel monotony at at any time of the time (that's what catalogs are for about in the event you check with me).*

-- **Prof. Melyna Dooley V**
